
Ephesians Chapter 2

Paul explained to us God's purpose for us and now he begins to map out the six 'steps' to accomplish God's plan. Is this the answer to the age old question of "why are we here?"

Step One: Salvation in Christ (1-10)

What does it mean to be spiritually DEAD?

Have you ever fallen and followed Satan?

Why did God save us? What did we do to earn that?

What is our role in all this? What purpose do we have as a result of this gift?

What does v10 mean for the plans we have for ourselves?(James 1:5-8, 2Timothy 3:16-17, John 15:5-10)

Step Two: Uniting Jews and Gentiles (11-22)

What relationship did the Gentiles have to God? The Jews?

What "peace" did Jesus preach to them? (v17 compared to v14) What does that mean for the Gentiles?

How does this effect the way that you think about other believers?

What ways can/do we work together for His purpose?
